Thomas J. Ferkovic, R.PH., MS

Managing Director

A health care management professional by training, Tom joined SS&G from the practice management firm of Telesis of Ohio, where he opened and grew the company to 123 employees and 185 primary care physicians. Prior to Telesis, he served as the vice president of St. Luke's Medical Center in Cleveland, where he was responsible for strategic planning, managing care contracting, and physician relations. This led to the start of St. Luke's Integrated Medical System (PHO) and Outreach Professional Systems, which became the first hospital-owned, non-staff primary care group practice in Cleveland. In 1999, Tom and SS&G entered into a joint venture to create Medic Management Group, LLC (formerly SS&G Healthcare Services LLC). Tom earned his Bachelor of Science degree in pharmacy from the University of Toledo and his Master of Science in information science from Case Western Reserve University. Tom is a member of HFMA.
